

CHRISTMAS 2021

# Christmas wishes

Ludimilla Katherine, ADM 3M.

It's been a while since I stopped believing in Santa Claus, but this year I've even turned to him to see if my wish that this pandemic ends comes true. I want people to get out of the hospital, for them to be well and healthy, and for them to be happy again. I wish God to help and support all the people who are suffering from this pandemic. I want to go out in the street without a mask. I want to be able to choose whether to stay at home or not. I want to hug the people I like. To be able to go anywhere without fear. I want to meet my friends always. I want to go back to school. I'm surviving, I want to really live again.
